PROCESSO A MOOSBRUGGER
CONSIDERAZIONI SULLA VITA IMPERSONALE

… I will introduce the character of Moosbrugger, one of the most famous Robert Musil's lonely planet in his own Nietzschean solar system. I would like to show here that this irrational murderer, who I will describe in the third part of this text, offers a faithful representation of what rejecting the classical logical dichotomy between difference as quality and difference as quantity signifies. In my opinion, this last subject is in fact one of the possible starting points we need to investigate in order to understand the oddity that Spinoza, Nietzsche and Deleuze have in common …
